

We Want to Help Your Cub Scouts!

The Louisiana State Exhibit Museum wants to help you teach your Cubscouts!

As a museum that focuses on Louisiana, and its resources, we can help assist you with your badge requirements in many ways!

We are open weekends and would love for you to come and visit!

How Can We Help?

Use our Map!

Our large topographical map of Louisiana can help to fulfill requirements for Compass Belt Loop /Academic pins and Geography Belt Loop/ Academic pins! You can fulfill the majority of your requirements for the Map and Compass awards or Geography awards just using our map!

Use Our Dioramas!

We have many natural history dioramas and exhibits that can help fulfill your Naturalist requirements, our exhibits on oil and gas can help them understand levels of sediments and rock for your Geologist requirements.

Use Everything!

Our museum can assist your cub scouts later in their future pursuit of boy scout awards as well. Helping them get familiar with what we have available for the future can assist them in later years.

Hours: M-F 9am-4pm & Weekends 12-4pm
